ORDER

In its endeavour to create a conducive environment for investors and improve the Ease of Doing Business in the State, Government of Kerala had undertaken various pro-active measures.

2) As businesses are provided separate identification at the time of incorporation for starting a business and then during operations of business, ie., while registering with various authorities and during various approvals / clearances from Government and the IDs are issued both at the Central as well as State level and it created barriers for information sharing amongst the regulators and businesses persons and they are required to visit multiple portals to provide similar/same information and documents, the Department for Promotion of Industry and Internal Trade (DPIIT), Government of India, as per State Business Reform Action Plan, 2024 recommended to mandate PAN as a single business user ID for all interactions with Government agencies as it would facilitate compliance reduction throughout the life cycle of a business.

3) In this regard Government as part of implementing the reforms

is pleased to mandate the following:

Online systems of all departments/ agencies shall mandatorily capture PAN for each profile in all business related transactions. PAN shall be the unique Single Business User ID for all business related approvals /registrations / NOC/ renewals/ amendments/ compliance requirements/ schemes related transactions of all departments / agencies.
